

THIRD CHUUK STATE CONSTITUTIONAL CONVENTION
Committee on Style & Arrangement
Weno, Chuuk State
Federated States of Micronesia

SCR No. : 3-28
COMMITTEE : S & A
DATE : 09/27/04

The Honorable Camillo Noket
President
Third State Constitutional Convention
Weno, Chuuk State, FM 96942

Dear Mr. President:

Your Committee on Style and Arrangement, to which was referred Committee Proposal No.3-10;CD2, entitled:

"A COMMITTEE PROPOSAL amending Section 2 of Article XIII of the State Constitution to include Piis-Panewu as a municipality in the State of Chuuk and to update the names of certain municipalities.",

begs leave to report as follows:

I. RECOMMENDATION:

Your Committee recommends that the Convention pass this proposal in third and final reading, with only one minor change being made, and is attached herewith as CP No. 3-10;CD2;SAD1. It is also recommended that this report be also adopted.

II. ANALYSIS:

A. History.

Originally, this committee proposal was Delegate Proposal No. 3-19, and having gone through the process with changes made to it, resulting in its Convention Draft Two form, with the purpose of updating the names by which certain municipalities in the state are known and have been recognized traditionally with respect to their individual "loos" as sovereign people in their own respect.

Additionally, while Piis-Panewu got her sovereignty years back as a constitutional government, that name (**Piis-Panewu**) has never been made part of the state constitution to date. If passed by this Convention in final reading, Piis-Panewu as a municipality already existed, will be included on the constitutional list of municipalities of the State of Chuuk.

B. **Findings.**

This is an important proposal by intent and purpose, and should be passed and become part of the Constitution as soon as passed, to reflect the noble cause sought herein, especially in the case where historical origins of certain municipal governments in the state are unknown, such names as are contained in this proposal can speak for those municipalities concerned with respect to their cultural significance. It could be a great source of valuable information for the new generation which is mostly ignorant of its past.

C. **Amendments.**

Only one minor change is being made, and your Committee is confident of the content of this proposal as passed second reading by the Convention earlier. The only change made herein is shown on the attached proposal.

III. **CONCLUSION.**

Your Committee recommends passage in third and final reading by the Convention of the attached proposal, and designated as CP No. 3-10;CD2;SAD1. It is also recommended that this report be also adopted.

Respectfully submitted,
