RE: CSL NO. 11-12-06

Dear President Mailo and Speaker Oneisom:

I am respectfully transmitting the attached Act No. 11-17 which I signed into a law and assigned the corresponding number as Chuuk State Law No. 11-12-06. This Act further amends the law creating CFCC. This amendment was a result of the recommendations from the CFCC working group which included the FSM National Government, Office of Insular Affairs and Chuuk State Government.

With this amendment the fiscal and financial control of CFCC will be focused on those specific transactions, and the eventual integration of the CFCC operation into the Department of Administrative Services should be forthcoming.

Thank you and I remain.

Sincerely,

Enclosure : CSL 11-12-06

The term of the Secretariat may be renewed by majority votes of members present during the meeting."

Section 12. Section 14 of CSL No. 8-05-04 is hereby amended to read as follows:

"Section 14. Commission; duties and Responsibilities. The Commission through the Advisory Board, subject to the ultimate authority of the Governor as the allotte and sub-allottee and notwithstanding Chuuk State financial Management Act of 1982, as amended, the Commission shall have oversight control and supervision of all Compact Sectorial grant
funds having made available and allocated to the State of Chuuk, in any form, cash or
otherwise. The commission's responsibilities shall include and are not limited to overseeing
adequate financial reporting to OIA and commission stakeholders, maintenance of proper
internal accounting and budget controls, facilitating compliance to the Fiscal Procedures
Agreement, and ensuring adequate cash management of sector draw downs and
disbursements.

a) Director. The Board shall provide director to CFCC staff and identify higher risk
areas to review the primary attention of CFCC staff efforts. It shall certify a list of
higher risk activities in relation to Compact sector grant financial management that
will become the primary focus of CFCC staff efforts; unless modified by the Board,
the initial list will include: all individual transactions of $50,000 or greater, all
personnel actions, high-level review of payroll data and documents, all construction
contracts, Requests for Proposal (RFP) issuance and bidding processes, and vendor
advances. The list of higher risk activities shall remain in effect unless and until
modified by the Board. The Board shall direct CFCC staff to begin to limit their
involvement to transactional review and approval procedures deemed to be higher
risk. The Board has the authority to reverse the transition of transactional or
functional responsibilities previously authorized herein if the Board deems such
action necessary to ensure Compact sector grant funds are administered in
compliance with the provisions of the Compact and all relevant Chuuk State laws and
regulations. The Board may, from time-to-time, modify the list of higher risk
activities as described herein, thereby further modifying the direct involvement of
CFCC staff in transactional and functional activities, noting that such action shall be
based on an assessment of transactional volumes and risks prevailing at that time and
noting further that such action shall require advance notice to the three parties.

b) Budget submission. The Board will have authority over the CFCC budget submission
and staffing; the Board will have reporting and notification responsibilities as defined
under Chuuk State law, including quarterly reports to the three parties identified in
JEMCO Resolution MT-2001-7; Chuuk State Government, FSM National
Government and the US Government (hereafter the “three parties”).
c) **Access to records.** Upon proper coordination, notwithstanding any reductions in the involvement of CFCC staff in Compact sector grants transactional and functional activities, CFCC staff will always have total access without restriction to Chuuk State’s Financial Management Information system and all financial and budgetary documentation.

d) The Board shall consider areas of need in which CFCC staff may contribute to (a) capacity-building of DAS staff and the staff of Compact sector grants recipient departments, and (b) policy and procedural development to improve the quality of financial management in Chuuk State.

e) The US Compact Sector Grant managers maintain their ability to request CFCC staff involvement to make recommendation in any transaction.

f) The Board will require quarterly reports from CFCC and will share copies of those reports and any comments or significant instructions with the three parties; it will determine the scope and required contents of the quarterly reports, however, such reports should include, but not be limited to the following:

   (1) Status of sector expenditures vs. budgeted levels;

   (2) Timely ex post review of cash management; including review of bank reconciliations, book balances, bank account balances, outstanding checks, vendor advances, balance sheet reviews, payroll liabilities, accounts payable on sector funds;

   (3) Summary of Activities;

   (4) General observations;

   (5) Problem identification and resolution; and

   (6) Report of progress on activities periodically assigned such as; special projects to assess program effectiveness, capacity building and training activities, and assistance with policy and procedural development and guidelines.

g) The Board will request information prior to or during its quarterly meetings from DAS or from staff funded under the separately funded oversight grant to ensure that Chuuk State is maintaining financial stability; evidence of emerging instability or fiscal stress, including on the general fund of Chuuk State, would give cause to the
Board to review and perhaps strengthen the transactional and functional review activities of CFCC staff using its authority described in subsection (h) herein.

h) At least once a year, upon full assessment by the Advisory Board and concurrence by the three parties, CFCC quality assurance and accountability operation may be integrated into the organization of Chuuk State Government.

i) The Board shall have the authority to employ or hire temporary technical or advisory consultants independent from the staff of CFCC which shall be responsible to the Board.

Section 13. Section 17 of CSL No. 8-05-04 is hereby amended to read as follows:

“Section 17. Regulation. Proper implementation of the duties and responsibilities of the Board may be set forth by appropriate regulation or by-laws.”

Section 14. Transition. The Advisory Board shall respect the contracts of the existing staff of CFCC unless the Board exercised its option to terminate the contracts.

Section 15. Effective Date. This Act shall become law upon approval by the Governor, or upon its becoming law without such approval.
