A BILL FOR AN ACT

To amend State Law No. 11-116, by amending certain sections of Title 11, Chapter 19 to identify plastic grocery bags and include it accordingly; and for other purposes.

BE IT ENACTED BY THE KOSRAE STATE LEGISLATURE

Section 1. Purpose. Plastic grocery bags are often discarded into the environment after use, causing detrimental impact both aesthetically and ecologically on Kosrae’s marine and terrestrial environment. Plastic grocery bags are responsible for the death of many fish, turtles, dolphins and other marine and terrestrial animals that are essential to the food security and ecology of Kosrae. These animals mistake plastic grocery bags for jellyfish and other food sources. Plastic grocery bags take approximately 20 years to break down once they are discarded on land and in the ocean. They do not dissolve; they break down into smaller pieces allowing all levels of the food chain to be harmed. Plastic pollution in oceans is an enormous problem globally, and plastic grocery bags are significant part of this problem. Because of their wind borne nature, even plastic bags that are disposed of responsibly are often carried by the wind reducing the beauty of our natural landscape and ultimately ending up in our oceans. Purpose of these proposed amendments is to restrict the sale and use of Plastic grocery bags in the State of Kosrae, FSM.

Section 2. Amendments. Title 11, Section 11.1902 of the Kosrae State Code is hereby amended to read as follows:
